**Resolution T-16801. Revocation Of Certificate Of Public Convenience
And Necessity of ACC Telecommunications LLC (U-6569-C) in
accordance with D.03-04-021.**

Summary

This resolution revokes the competitive carrier Certificate of Public Convenience and Necessity (CPCN) held by ACC Telecommunications LLC (U-6569-C) in accordance with Decision 03-04-021, Ordering Paragraph 3.

Background

Decision 03-04-021, Ordering Paragraph 3 stated that the Commission will revoke the CPCN and U-number of ACC Telecommunications LLC (U-6569-C) if it does not resume providing all or any of its authorized telecommunications services, or pursue or enter into a feasible business opportunity within six months from the mailing of that order. The decision was issued on April 3, 2003 and mailed on April 4, 2003. The six-month time limit expired on October 3, 2003.

Telecommunications Division staff contacted ACC Telecommunications LLC (U-6569-C) at its address of record and the company verified that it is no longer doing business in California.

Discussion

ACC Telecommunications LLC (U-6569-C) did not resume providing all or any of its authorized telecommunications services, or pursue and enter into a feasible business opportunity by October 4, 2003. In accordance with the terms and conditions of Decision 03-04-021, Ordering Paragraph 3, ACC Telecommunications LLC (U-6569-C)

shall have its CPCN and its u-number revoked. This resolution is part of our ongoing efforts to update the list of operating carriers, and in the last few years, the Telecommunications Division (TD) has revoked licenses for a large number of carriers, both voluntarily and for cause.

Also, the Bureau of State Audits has audited TD's records and recommended that TD maintain an up-to-date list of operating carriers. This resolution will be another step toward that end.

This is an uncontested matter in which the resolution grants the relief as ordered. Accordingly, pursuant to PU code Section 311(g)(2); the otherwise applicable 30-day period for public review and comment is being waived.

Findings

1. The Commission certificated ACC Telecommunications LLC (U-6569-C) as a competitive carrier.
2. The company verified that it is no longer doing business in California.
3. The company has not resumed providing all or any of its authorized telecommunications services.
4. The company has not entered into a feasible business opportunity.
5. The company's CPCN should be revoked and its Utility Identification Number should be cancelled in accordance with Decision 03-04-021, Ordering Paragraph 3.

THEREFORE, IT IS ORDERED that:

1. The competitive carrier Certificate of Public Convenience and Necessity granted to ACC Telecommunications LLC is revoked:
2. The company's Utility Identification Number (U-6569-C) is canceled and will not be reissued.

This Resolution is effective today.

I hereby certify that the Public Utilities Commission at its regular meeting on December 18, 2003 adopted this Resolution. The following Commissioners approved it:
